NO SHOW AND CANCELLATION POLICY

We strive to provide prompt and timely care for all patients. We would like to maintain availability for our patients, and “no show” or late cancellations hinder our ability to provide care. As such, cancellations are required no later than 24hrs prior to a scheduled appointment. Patients who do not cancel at least one day prior to their appointments or do not show to an appointment will be charged \$75 for an office visit and \$175 for a procedure.

We thank you for your cooperation.
